

About Carl and Alice Daeufer:

The Carl and Alice Daeufer Education Lecture Series is supported by generous gifts from College of Education (COE) emeritus professor, Dr. Carl J. Daeufer and his late wife, Alice Daeufer.

Dr. Daeufer served for thirty-five years as a COE faculty member, actively involved in university teaching, research, and administration; the University of Hawai'i Professional Assembly (UHPA); overseas education development; and public elementary and secondary education.

Carl met Alice in 1960 when he started working at the COE and she was on the staff of the University Laboratory School. They married in 1965. Alice retired as an assistant professor in 1989 after serving as a faculty member of the University of Hawai'i for twenty-two years.

Alice and Carl established an endowed fund, which offers annual scholarships and this education lecture series because they wanted to "give something back" to the COE and the University of Hawai'i. Alice always said, "I had favorable experiences at the University. I want to help students wishing to teach in Hawai'i by giving this scholarship." Since then, a total of twenty-seven scholarships and nine public lectures have been supported by the Daeufer Family Endowment Fund.
